

Online workshop on the Patent drafting of Artificial Intelligence and Machine Learning Invention and Patent Prosecution

Indian Agricultural Research Institute - Pusa Krishi, is conducting an online workshop on the Patent drafting of Artificial Intelligence and Machine Learning Invention and Patent Prosecution which will be delivered over 2 sessions in 2 days on 27th -28th September 2022 from 10:30 am to 2:00 pm.

Workshop Objective:

Our goals are to strengthen the Research and start-up community to build ideas and solutions related to Artificial Intelligence and Machine Learning technologies and promote patenting inventions related to AI and ML. In this workshop, you'll learn how to do searching and drafting of patent applications related to Artificial Intelligence and Machine Learning technologies through hands-on exercises.

Patent drafting of Artificial Intelligence, Machine Learning Invention & Patent Prosecution

Learn how to search and draft patent applications related to Artificial Intelligence & Machine Learning technologies.

REGISTER NOW >

Deadline: 26 September 2022

27 - 28 September 2022

10:30 AM - 2:00 PM

Online Workshop

For more information, please visit www.pusakrishi.in

Day 1, 27th September 2022, Tuesday

Patenting Artificial Intelligence and Machine Learning Inventions

Mr. Rahul Bagga

Managing Director, Aumirah IP

Day2, 28th September 2022, Wednesday

Management and Strategy in filing and prosecution of patents in India

Mr. Saurabh Trivedi

Co-founder and Director, IP Samadhan

Frequently Asked Questions

1) Why join?

In this workshop, you'll learn how to do searching and drafting of patent applications related to Artificial Intelligence and Machine Learning technologies through hands-on exercises. You'll also learn to tackle Issues arising in the Filing and Prosecution of patent technologies in Indian patent systems.

2) What do you take home?

By participating in this workshop, you'll:

- Learn the fundamental techniques and tools required to do patent searching for Artificial Intelligence and Machine Learning technologies.
- Gain experience with the drafting of patent applications related to Artificial Intelligence and Machine Learning technologies.
- Build confidence to tackle Issues arising in the Filing and Prosecution of patent technologies in Indian patent systems.
- E-certificates will be provided to all the participants.

3) Is there a fee for the patent Artificial Intelligence Workshop?

Yes, there is a nominal fee of Rs. 590/- only (Rs. 500/- + 18% GST=Rs. 590/-).

4) Who is eligible for the program?

All the Researchers, startups, Scientists, Students, and any person interested in securing their invention.

5) Last date to Register

26th September 2022
