Training Programme on Plant Disease Diagnostics and their Management October 13 - November 02, 2015

The Indian Agricultural Research Institute, New Delhi, invites applications from faculty members, and researchers of Indian universities / research institutions for a 3-week training programme on Plant Diseases Diagnostics and Their Management sponsored by the Indian Council of Agricultural Research, New Delhi, scheduled from 13 October to 2nd November, 2015.

Objective

The major objective of the training programme is to train young faculty and scientists on diagnosis of plant diseases using advanced tools and management of major diseases of crops caused by fungi, bacteria and viruses. The training programme will focus on hands - on training in research methods in the laboratory in addition to lectures by experts on current trends so as to enable the participants to apply the same in their research programmes.

Eligibility

- i) M.Sc/Ph.D in Plant Pathology and working in the rank of Assistant Professor and equivalent in Plant Pathology under Agricultural University /ICAR Institute
- ii) Working not below the rank of Assistant Professor and equivalent in the concerned subject under Agricultural University /ICAR Institute

How to apply

The participants application will be received online (ICAR mandate) using CBP portal through or under the link Capacity Building Programme at portal through <http://iasri.res.in/cbp> or under the link Capacity building Programme at <http://icar.org.in>. After filling the online applications, take a printout of the application and get it approved by the competent authority of the organization and upload the scanned copy of application through CBP portal on or before 11.09.2015. Selection of participants will be from online applications and the selected participants list will be uploaded/displayed on the portal.

However, he/she may send an advance copy (via email) directly to the Course Director. The selected candidates will be informed individually also. The participants are requested to keep in contact with the Course Director regarding their selection status.

Total No. of participants: 25 (Twenty five only)

TA/DA & Accommodation

The participants will be provided, to and fro fare restricted to AC-II-Tier train fare or any state road transport services as per the ICAR guidelines. Participants should produce a certificate that they have not been given T A/DA by their host institute (Head of the Department/Institute) and the training period should be considered 'On Duty' by the participant's parent institution. Boarding and lodging for the participants will be provided at the ICAR guest houses and the charges will be met by the training programme.

About the training programme

Plant diseases incited by fungal, bacterial and viral pathogens are one of the major concerns in cultivation world wide resulting in loss of billions of dollars. Plant health testing is an essential management tool for the control of seed borne, seed and propagating material transmitted pathogens and continues to be an important activity for regulation and quality. Diagnosis of plant pathogens can be even more difficult with infected seeds/ soils or asymptomatic infected propagative materials. It has significant importance to make strategies for disease management. Various advanced techniques of diagnosis will be demonstrated. Management of plant diseases caused by fungi, bacteria and viruses is an very important task and for that recent knowledge development in the field of biological control, host resistance, new molecules of fungicides, botanicals and cultural practices for integrated management shall be considered for the present training programme.

Application form for training programme on “**Plant Disease Diagnostics and their Management**”, October 13 - November 02, 2015.

1. Name of the applicant
2. Sex: Male/ Female
3. Present position
4. Age and date of birth
5. Communication Address
6. Phone Office Residence
7. Mobile
8. Fax
9. E-mail
10. Permanent address
11. Educational qualifications (from graduation onwards)

Degree	Subject	Year	Percentage of marks /Division	Name of the University/Institution

12. Research experience
 - a) Area of research
 - b) Publications during last five years (Please attach list)
 - c) Indicate the future plans on utilizing the technical expertise gained from the training programme in your research (Attach separate sheet if necessary)
 - d) Indicate whether you have attended for summer/winter school /training programme earlier

13. Dietary requirements:

14. Arrival information

- a) Train Name / No.
- b) From To
- c) Date
- d) Time

15. Departure information

- a) Train Name / No.
- b) From To
- c) Date
- d) Time

Signature of the Applicant

Date:
Place:

Endorsement & Seal of the Head of Department /Head of the Institution
