1st National Agrochemicals Congress

SOCIETY OF PESTICIDE SCIENCE INDIA
Division of Agricultural Chemicals
ICAR-Indian Agricultural Research Institute
New Delhi, India

November 13-16, 2019

Research articles & status papers in Book & Journals of Springer & Elsevier
The growing world population is estimated to reach 9.1 billion by the year 2050. This increased population density is projected to increase demand for food production by 70% in developing countries. The availability of additional agricultural land and resources are limited. The reduction of current yield losses caused by pests is a major challenge. Chemical pesticides will continue to play a role in pest management as more and more target specific and environment friendly products are being introduced. The benefits of pesticide use are high relative to their risks. New concepts in crops, human health, resource management, nanotechnology, smart formulations and related sciences are likely to boost agricultural productivity. With this background, current status of agrochemicals on various fronts will be collated for researchers and policy makers in order to grow agriculture in a sustainable manner.

**REGISTRATIONS**

<table>
<thead>
<tr>
<th>Registration fees</th>
<th>Scientists/Officer (Members): Rs. 6000</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Non Members: Rs. 7000</td>
</tr>
<tr>
<td></td>
<td>Student/SRF/RA: Rs. 3000</td>
</tr>
<tr>
<td>†Non-member delegates/students:</td>
<td>Register as members @ Rs. 10000/7000</td>
</tr>
<tr>
<td></td>
<td># Late registration fee: extra Rs.1000 will be charged</td>
</tr>
</tbody>
</table>

**ABSTRACTS**

One page concise abstract (max. 300 words, 12 Times New Roman, single spaced) of unpublished research work with title, authors name, affiliations, e-mail of corresponding author, should be divided in three sections i.e., Background, Results and Conclusion. One or two essential and relevant references (as per Pestic Res J format) may be given at the end. The abstract may be e-mailed at naagco2019@gmail.com
Society of Pesticide Science India

Society of Pesticide Science India (SPS India) was formed as a national society on 25th September, 1987 with its Headquarters at the Division of Agricultural Chemicals, ICAR - Indian Agricultural Research Institute (IARI), New Delhi and formally launched and inaugurated on November 16, 1989. The objective of the society is to provide a forum to scientists for expressing critical views based on scientific knowledge and rational thinking on important national policies and programmes related to pesticides, allied agrochemicals and related fields and to create awareness among masses on the role of pesticides and allied agrochemicals in agriculture, public health and human welfare. The society always promoted judicious use of pesticides and allied chemicals with a view to maximizing crop production vis a vis minimizing environmental pollution and health hazard. It also publishes Pesticide Research Journal with NAAS rating 5.90. As on date there are 630 life members and 70 ordinary members representing premier research institutions, public universities and 28 corporate members from industries.

Venue
NASC Complex, Dev Prakash Shastri Marg, New Delhi

Accommodation
Due to limited availability, accommodation in Institute guest houses is only on first come first serve basis. Booking in nearby hotels may be facilitated subject to payment of half tariff in advance along with registration fee.

Dates to be remembered
Submission of abstracts: Sep 05 2019
Submission of full papers: Oct 5, 2019
Acceptance of Abstracts: Sep 15, 2019
Payment of reg. fees: Sep 20, 2019

Contact No.
President: Dr. Anupama Singh (08920154670; 011-25843272)
Organizing Secretary: Dr. Supradip Saha (07065195346; 25841390-4668)
Treasurer: Dr. Anirban Dutta (08505857375; 25841390-4669)
For Abstract: Dr. Neera Singh (09968245202; 25841390-4661)

Registration and Abstract Submission
Registration: Fill the form- https://forms.gle/UtYgHScuVSiInJgWa7
E-mail: naagco2019@gmail.com
