

GENERAL INFORMATION

Location

ICAR-Indian Agricultural Research Institute, Pusa Campus, New Delhi is one of the well equipped premier Institutes of ICAR. The Division of Soil Science and Agricultural Chemistry, a constituent of School of Natural Resource Management of IARI conducts basic and strategic research on chemical and biological processes and properties of soil affecting plant growth, serves as a centre for academic excellence, and provides national leadership through human resource development. It is located about 10 km from New Delhi Railway Station nearby Patel Nagar and Rajendra place Metro Station and locally known as Pusa Campus.

Climate

Cool with pleasant climate will prevail at New Delhi during training period. The average maximum temperature is about 25°C and minimum 15°C during training period. Light warm clothes will be sufficient for comfortable stay. Blankets, etc. will be provided to the participants at the place of their stay.
