Dr. Amit Kar
Head & Director (CAFT)

No. Ag Econ/ CAFT/2016/
Dated: 22.7.2016

Sir,

The Division is accorded the status of Centre for Advanced Faculty Training (CAFT) by ICAR. The Division is organizing a 21 days training programme on “**Impact Assessment of Agricultural Technology**” during 08-28 November 2016 under CAFT.

The training course is meant for teachers and researchers in Agricultural Economics and other social science disciplines of SAUs, ICAR Institutes and other public organizations. The objective of this course is to update the skills and knowledge of the participants and to make them aware of the recent developments in the field. Around 25 participants will be selected for the course. Further information about the course along with application proforma is given in the enclosed brochure.

You are kindly requested to nominate one or two scientist/faculty members from your organization for the above course and also give this letter a wide publicity. The candidates should upload their approved application in the CBP vortal (<http://iasri.res.in/cbp>). A copy of the application may also be submitted to the undersigned latest by 25th August 2016.

With kind regards,

Yours sincerely,

Amit Kar.

About the Division

The ICAR-Indian Agricultural Research Institute (IARI) is the country's premier institution for agricultural research, education and extension. The Division of Agricultural Economics, a constituent of School of Social Sciences of IARI, was established in 1960. The mandate of the Division is to conduct research in frontier areas and serve as a centre for academic excellence in post-graduate education. Since its inception, the Division has been making contributions in basic and applied research with significant implications for agricultural policy. Since 1995, it is functioning as an ICAR Centre of Advanced Studies in Agricultural Economics with capacity strengthening for agricultural economics and policy research in the National Agricultural Research System.

Training Program

The Division of Agricultural Economics, under the auspices of CAFT, organizes training programs every year. So far 29 training programs, covering a wide array of topics under economics, econometrics and advances in agricultural policy research have been conducted. This year the Division has proposed to conduct a 21 days training program on the topic **"Impact Assessment of Agricultural Technology"**. The understanding on impact evaluation tools for quantifying the short term and long term effects of agricultural technology is need of the hour to justify the agricultural research investments or programmes. Recently, many agricultural scientists face questions on the importance of agricultural research programmes from different corners. In this context, it is important to have a training programme on impact of agricultural technology. The training will focus on recent advancements in tools and methods for evaluation of impact of agricultural technology. It will also provide an opportunity to the Economists of National Agricultural Research System to get the exposure on knowledge and experiences by national and international experts those who are working on existing impact evaluation programmes.

Participants

Faculty and researchers in agricultural economics/ social sciences of SAUs, ICAR Institutes and other public institutes engaged in agricultural research shall apply for the training program. Around 25 participants will be selected.

Methodology

The training program will include lectures from specialists, computer-oriented problem-solving sessions and case studies. There will be balanced emphasis on the theory and application. The participants are encouraged to bring information on technology developed by their institute for case studies.

Eligibility

The candidate must possess a masters' degree in agricultural economics or related social sciences with at least five years teaching or research experience and should be working not below the rank of a scientist or assistant professor. Preference will be given to the candidates having some knowledge and job responsibility in the area related to the training.

Application for the program

Candidates desirous of participating in the course and fulfilling the eligibility conditions shall apply through proper channel in the given proforma. The participants should submit their applications online using CBP portal (<http://iasri.res.in/cbp>) / or under the link Capacity Building Program at (<http://icar.org.in>). After filling the online application, take a print out and get it approved by the competent authority of the organization. Upload the scanned copy of application through CBP portal. However, an advance copy of the application may be sent to the Head and Director (CAFT). The last date for receipt of application in the Division is **25-08-2016**. Selected candidates will be informed at least one month prior to the start of the training program. T.A. to the participants will be paid as per their entitlement for the class of travel restricted to the maximum of AC II tier fare by the shortest route. Participants are required to produce tickets in support of their claim. CAFT will bear lodging and boarding expenses of all the participants as per ICAR rules.
