

Division of Entomology
ICAR-Indian Agricultural Research Institute, Pusa, New Delhi – 110 012

Training program on “Taxonomy and identification of white grubs” will be conducted in the division as per details given below:

Training dates: 18-24 April 2016

Objective: To impart hands on training to identify common species of white grubs at field level

Who can apply: Scientists and Research Fellows of ICAR Institutes and SAUs involved in white grub research especially of All India Network Project on White grubs and other Soil Arthropods (AINPWSA)

Cost of Training: No Registration Fee. However TA/DA has to be borne by the sponsoring Institutes/Universities

Those interested may apply along with brief bio-data and with their note of interest to Dr. K. Sreedevi, Senior Scientist through email at kolla.sreedevi@gmail.com latest by 10th April 2016.

Maximum 15 candidates will be selected for the training. Selected candidates will be informed through phone/mobile/e-mail.
