

ICAR-IARI Organized Training on Organic Farming for Women Farmers

7-2-2025

Division of Agronomy, ICAR-IARI, New Delhi, ATMA Chardapur, Maharashtra and Rural Access (NGO), in collaboration with 6 Mahila Farmer Producer organizations from Chandrapur district of Maharashtra, during 06th –07th February 2025, at ICAR-IARI, New Delhi on organic farmers. The event aimed to empower 45 female farmers from Chandrapur district, Maharashtra, with sustainable agricultural practices that would enhance productivity while conserving natural resources. In his address, HoD Agronomy, ICAR-IARI, Dr. SS Rathore emphasized the critical role of organic farming in fostering climate resilience. The technical sessions covered the fundamentals of organic farming, focusing on key components such as biofertilizers, integrated nutrient management, crop diversification, and strategies to increase income through the localized utilization of resources etc.,
