

**Indian Agricultural Research Institute  
New Delhi 110012**

**Performa for submitting New Project Proposal for external funding including AP cess fund**

1. Title of the proposed Project :

2. Name of the funding agency :  
to which submitted

3. Name /Designation/ Division of Principal Investigator :

4. Name /Designation/ Division of Co-Principal Investigator from IARI :

**5. Name/ Designation/Division of Co-Investigators from IARI**

S.No	Name	Designation	Division
1.			
2.			

6. In case the Co-PI/Co-Investigators are from other organizations, whether the consent of scientists and their organization has been obtained? :  
Please attach copies of the documents.

7. Is the project proposal submitted in direct line with the approved in-house projects of Principal Investigator :

8. Details of Projects in which P.I/Co.P.I/Co-Investigator is already involved.  
(This information is to be given for each scientist involved in the project. In case the space is not sufficient, a separate sheet may be attached and signed)

**A. Principal Investigator:**

S. No.	Title of the project and funding agency	Involved as PI/CoPI/ Associate	Time Percentage	Date of termination
<b>INHOUSE</b>				
1.				
2.				
<b>SPONSORED</b>				

**A. Co-Principal Investigator :**

S. No.	Title of the project and funding agency	Involved as PI/CoPI/ Associate	Time Percentage	Date of termination
<b>SPONSORED</b>				
1.				

**B. Co-Principal Investigator:**

S. No.	Title of the project and funding agency	Involved as PI/CoPI/ Associate	Time Percentage	Date of termination
<b>INHOUSE</b>				
1.				
2.				
<b>SPONSORED</b>				

9. Percentage of time available and to be devoted in the new project, if sanctioned.  
(This information is to be given for all scientist involved in the project).

S.No	Name of the Scientist	Percentage time available	Percentage time to be devoted in the new project
1			
2			
3			

10. How many proposal have been send for  
funding during the current year and its fate: One ,

11. Whether or not the radioisotope will be used for proposed research

- Name of the user
- Whether the user is authorized to use radioisotopes
- Name of the labeled bio-molecule and
- Whether the facilities for conducting radio isotopic work exist with the user/Division an clearance of Radiological Safety officer, IARI

12. Remarks, if any

Signature of Principal Investigator of the project
